Dear Member

Our 2019 Annual General Meeting will take place on Monday 25 March at 19.30, at the usual venue, the Friends Meeting House, 6 The Friars, Canterbury CT1 2AS and I formally invite you to come. An agenda is attached.

Apart from our usual business, which will take as little time as possible, Paul Casey has agreed to give us a talk about his worldwide cycle tour, which was his honeymoon. It sounds interesting, so please do come along.

We always like members' views on any campaigns we should support or on any local matters where we can help or advise. Spokes has continued our previous theme of pressuring and co operating with local authorities, which is hard work but bears fruit in the long run. We have a small hard working committee who can always do with help from members, for example, to lead rides. Please speak to a committee member if you think you can give us a little of your time in any way.

Paul Rees
Chairman
Spokes East Kent Cycle Campaign

SPOKES OBJECTIVES

1. To encourage cycling and publicise its benefits for the community and for individuals.
2. To ensure that local authority and government policies actively encourage cycling and make full provision for it as part of an overall transport strategy through which all members of the public can enjoy cheap, safe and environmentally sound travel for work and leisure.
